PEL LED Hand Rail (Type – Non Emergency)	
Dimensions (in mr	n)
1000	
<u> </u>	
TECHNICAL SPECIFIC	
Confirms	IS : 9583 – 1981.
Confirms Ingress Protection	IS : 9583 - 1981. IP - 20.
Confirms	IS : 9583 – 1981. IP – 20. Stainless Steel Acrylic Hand rail.
Confirms Ingress Protection	IS : 9583 – 1981. IP – 20. Stainless Steel Acrylic Hand rail. Well grooved acrylic rod to provide eye soothing uniform low glow to not to
Confirms Ingress Protection Housing Diffuser	IS : 9583 – 1981. IP – 20. Stainless Steel Acrylic Hand rail. Well grooved acrylic rod to provide eye soothing uniform low glow to not to disturb the audience during the show in the darkness.
Confirms Ingress Protection Housing Diffuser Input (V)	IS : 9583 – 1981. IP – 20. Stainless Steel Acrylic Hand rail. Well grooved acrylic rod to provide eye soothing uniform low glow to not to disturb the audience during the show in the darkness. 230 AC Supply. 50 Hz
Confirms Ingress Protection Housing Diffuser Input (V) Output (V)	IS : 9583 – 1981. IP – 20. Stainless Steel Acrylic Hand rail. Well grooved acrylic rod to provide eye soothing uniform low glow to not to disturb the audience during the show in the darkness. 230 AC Supply. 50 Hz 4.5 VDC 350 mA
Confirms Ingress Protection Housing Diffuser Input (V) Output (V) LED	IS : 9583 – 1981. IP – 20. Stainless Steel Acrylic Hand rail. Well grooved acrylic rod to provide eye soothing uniform low glow to not to disturb the audience during the show in the darkness. 230 AC Supply. 50 Hz 4.5 VDC 350 mA 1 Watt LED
Confirms Ingress Protection Housing Diffuser Input (V) Output (V) LED Make	IS : 9583 - 1981. IP - 20. Stainless Steel Acrylic Hand rail. Well grooved acrylic rod to provide eye soothing uniform low glow to not to disturb the audience during the show in the darkness. 230 AC Supply. 50 Hz 4.5 VDC 350 mA 1 Watt LED Eddison, Osram, Philips.
Confirms Ingress Protection Housing Diffuser Input (V) Output (V) LED	IS : 9583 – 1981. IP – 20. Stainless Steel Acrylic Hand rail. Well grooved acrylic rod to provide eye soothing uniform low glow to not to disturb the audience during the show in the darkness. 230 AC Supply. 50 Hz 4.5 VDC 350 mA 1 Watt LED
Confirms Ingress Protection Housing Diffuser Input (V) Output (V) LED Make Mounting Application	IS : 9583 - 1981. IP - 20. Stainless Steel Acrylic Hand rail. Well grooved acrylic rod to provide eye soothing uniform low glow to not to disturb the audience during the show in the darkness. 230 AC Supply. 50 Hz 4.5 VDC 350 mA 1 Watt LED Eddison, Osram, Philips. On the edge of the step thru 2/4 Nos. of holes. Commercial purpose, staircase of hotels, auditorium, dark corridors,
Confirms Ingress Protection Housing Diffuser Input (V) Output (V) LED Make Mounting Application Tolerance on overal	IS : 9583 - 1981. IP - 20. Stainless Steel Acrylic Hand rail. Well grooved acrylic rod to provide eye soothing uniform low glow to not to disturb the audience during the show in the darkness. 230 AC Supply. 50 Hz 4.5 VDC 350 mA 1 Watt LED Eddison, Osram, Philips. On the edge of the step thru 2/4 Nos. of holes. Commercial purpose, staircase of hotels, auditorium, dark corridors, underground parking.
